WHO I AM

I am a Full Stack web developer and UX/UI Designer with a background in Audiovisual Production. I have experience in both Frontend and Backend development, with skills in agile methodologies, GIT, and data structures. In addition to technical skills such as JavaScript, React, NodeJs, and Angular, I have worked on individual and group projects, which has helped me develop soft skills such as good communication, teamwork, adaptability, and problem-solving.

PROJECTS

Full Stack Web Developer – [Countries PI](#)

Academic Experience. Henry Bootcamp

Individual Project

In this project, I developed a SPA (Single Page Application) about countries and activities which can be created, assigned, and deleted. It also includes combined filters, pagination, and controlled forms, among other features.

Front: React, Redux, Css

Back: NodeJs, Express

Database: PostgreSQL y Sequelize

Full Stack Web Developer – [PF e-latam](#)

Academic Experience. Henry Bootcamp

Our project is an innovative e-commerce platform designed specifically for the dynamic and vibrant Latin American market. This platform serves as a virtual marketplace where administrators oversee business operations, while users interact with a wide range of products, reviews, and ratings. Users are free to explore an extensive catalog of products and make informed purchasing decisions.

Front: React, ReduxToolkit, Css, Vite

Back: NodeJs, Express.

Database: PostgreSQL y Sequelize.
